Professional Summary

Results-driven Business Development professional with 4 years of experience in staff augmentation models, lead generation, cold email outreach, and B2B client acquisition, consistently driving qualified prospects through targeted campaigns. Skilled in market research, business development, and converting leads into clients while managing end-to-end sales pipelines and strengthening client relationships through data-driven strategies. Experienced in using CRM systems to track, manage, and optimize sales performance. Proficient in leveraging LinkedIn for prospecting and using Apollo, Sales Naviator and Hunter for lead extraction and building targeted outreach databases to support business growth and campaign effectiveness.

Work Experience

Senior Business Development Team Lead & Coordination Executive 08/2025 – Present

Mavericks United

- Worked in a Staff Augmentation model, supporting client workforce needs through sourcing, screening, and coordinating skilled professionals based on project requirements.
- Managed end-to-end Staff Augmentation operations, ensuring timely talent alignment and smooth communication between clients and resources.
- Supported scalable hiring solutions under the Staff Augmentation model, helping businesses efficiently fill resource gaps through effective coordination and matching.
- Acted as a bridge in the Staff Augmentation model, ensuring seamless deployment, resource availability, and operational delivery between clients and talent pools.
- Managed end-to-end coordination of professional profiles and client documentation, ensuring accuracy, consistency, and timely updates.
- Led cross-functional coordination between Business Development Associates and management to ensure smooth workflow execution and operational efficiency.

Business Development Team Lead 03/2025 – 07/2025

Mavericks United

- Led business development operations, overseeing daily activities, setting KPIs, and mentoring associates to achieve sales targets and performance goals.
- Executed data-driven cold email outreach strategies, optimizing messaging and follow-ups to improve response rates and lead quality.
- Drove revenue growth by identifying market opportunities, upselling services, and improving the end-to-end sales conversion process.
- Analyzed campaign performance metrics to refine outreach strategies, enhance productivity, and maximize ROI.
- Worked within a Staff Augmentation model, supporting client hiring needs through talent sourcing, coordination, and alignment of skilled professionals with business requirements.

- Leveraged LinkedIn for prospecting and lead generation, identifying potential clients and building targeted outreach pipelines to support business growth.
